The image shows a digital guitar learning interface. On the left, two chord diagrams are displayed: a red circle with a white 'C' and a green circle with a white 'G'. In the center, a blurred background shows a person's hands on a guitar. On the right, a fretboard diagram is shown with six strings and five frets. The fretboard has white dots indicating finger positions: the first string has a dot at the first fret, the second string at the second fret, and the third string at the third fret. Above the fretboard, the numbers 'X 3 2 0 1 0' are displayed, representing the fret numbers for each string. Below the fretboard, there are three buttons: 'SPACE PLAY / PAUSE', 'ENTER SELECT', and 'ESC BACK'. At the bottom, a control panel contains the following elements from left to right: the song name 'Faded' with a 'CHANGE SONG' link below it; a pause button (two vertical bars); a progress bar with a yellow indicator and the time '0:06'; a button with a yellow 'A' in a circle; a button with a yellow downward arrow; a 'TRANSPOSING' section with 'NORMAL' in yellow text; a button with a yellow 'X' in a circle and '88 BPM' next to it; and a gear icon for settings.
